

# 4200 series

- Lightweight with excellent manoeuvrability
- Very easy to handle in small areas
- Primarily for indoor use

Our 4200 series of walking aids are designed primarily for indoor use, however, their durable construction will allow the occasional outdoor adventure. The 4200LX model offers complete security with its "Auto-Stop" braking system. Its durable baked enamel coated aluminum frame is easily folded.

The 4200DX model is ideal for small spaces and available in two convenient seat heights and a choice of colour. The 4200DX is equipped with our patented hand operated "Push to Lock" braking system for enhanced security.
