Ultralight Transport Chair

For who you are, where you live, what you need...

The Airgo Lightweight transport chair makes it easier than ever for you to help your loved ones get around in comfort. What's more, because it's much lighter than standard transport chairs, and ultra-compact when folded, Airgo's a lot easier to lift into a car or carry up the stairs. Enabling you and your loved ones to go more places comfortably and enjoy your time together.

Airgo®

Ultralight Transport Chair

For who you are, where you live, what you need...

The new and improved Airgo transport chair now has more security and comfort enhancing features than ever before. Flip-back detachable arms make easier to transfer in and out, or simply get closer to a table. And, added side panels help protect from bumps and bangs along the way. Anatomically correct armrest height along with heel loops on the easy-adjust swing-away footrests make it even more secure and comfortable to sit in. Comfort-grip™ wheels provide shock absorption, better brake performance, and they're easier to clean.

- 1 Anatomically correct seat-to-armrest height for a naturally erect posture
- 2 Detachable full flip-back armrests for effortless transfer
- 3 Fold-down back for easy transportation and storage
- 4 Comfort-Grip 8" wheels, for in- and outdoor use and easy maintenance
- 5 Removable push-in swing-away footrests with tool-free adjustment of length for greater comfort.
- 6 Easy-adjust footrests with heel-loops for added support and comfort. Heel-loops and seatbelt included as standard features for increased safety.
- 7 Dual locking rear wheels for safe, secure transfers.
- 8 Chip-resistant finishing and no sharp edges on hardware.

Comes complete with bilingual instruction manual and a tool package.
