

# Escape™

THE NEXT STEP IN MOBILITY

Large adjustable padded backrest

Anatomical handles and Cable-free braking system

Easy to adjust handle height

Spring-assist Folding  
Folds with a single lift of the seat handle.

## Freedom to go anywhere you want to go...

**Escape** is available in 3 seat heights to fit almost any user and has a compact folding system that is easy to fold with a simple lift of the release handle. This design makes it easier to lift into the trunk of a car but, as an added benefit, it also stands when folded for easy storage when not in use.

**Escape** features a large padded seat for added comfort, pressure reducing anatomical handgrips to maintain your hand strength and the easiest to apply hand brakes available on any walker.

In addition, **Escape** offers a depth adjustable large padded backrest, spring loaded levers for easy handle height adjustment and innovative Gentle Touch braking system with no cables to catch on objects or get in your way. **Escape** turns a world of obstacles into a future of possibilities.
