

VIVE Deep Leg Trough Cushions

Stop Sliding In Its Seat

Ischial Shelf Gently Positions User

Contour Shape

3 Foam Layers

Composition

- Superior layers of memory foam reduce pressure & increase comfort
- High resiliency foam base cushion prevents bottoming out
- Ischial Shelf limits users' ability to slide out of the cushion without shearing
- Gentle contours promote postural stability
- Rounded front 2¼" profile
- Deep Leg Troughs accentuate pommel and abductors
- Includes 2 incontinent covers

Benefits

- Designed in response to Least Restraint/No Restraint policies
- Protects & maintains user's skin integrity
- Deep leg troughs promote postural stability and foot propulsion
- Maintains a 2" profile with pronounced pommel & abductors
- Maintenance Free Cushion
- Lightweight, will not impede movement
- 3 Standard Levels of Softness: VerySOFT, VerySOFT'R, Very-VerySOFT, allow for customization of sensation without increase cost
- Guaranteed not to bottom out for 30 months

Application

- Aid in reducing the need for restraints
- Ideal for those that foot propel: Front profile promotes foot propulsion while ischial shelf limits sliding
- Designed to accommodate and correct sacral sitting
- Limits sliding caused by Poor Trunk Control and Poor Muscle Tone
- 2" front profile is ideal for achieving appropriate seat-to-floor height
- Pronounced pommel and abductors aid in correcting and maintaining postural stability
- Ideal for clients that need a soft and supportive cushion
- Intended for clients that need moderate to high pressure redistribution
- Customizable in shape and size to accommodate varying needs
