

EXTREME

TILT WHEELCHAIR

The **EXTREME** tilt Wheelchair from Power Plus Mobility has a light frame and is depth adjustable. The **EXTREME** tilt system provides a change of orientation and thus redistributes pressure from one area to another. The front seat to floor height also remains constant during 0 To 25 tilt degrees

-- UP TO 25° OF TILT --

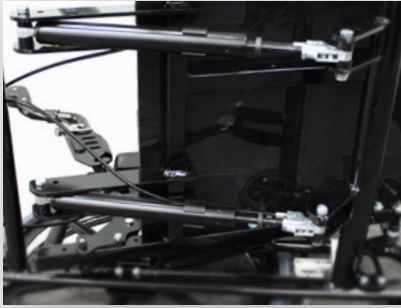

Seat To Floor Height
Adjustability

Zero Maintenance Soft Set Cylinders

Offset Front Hangers
(Optional)

Dual Cylinders Allows For Consistent Tilt For All Weight Capacities

Standard Angle Adjustable Stroller Handles

Angle Adjustable Front Journals

ABOUT EXTREME

Our wheelchair **EXTREME** lives up to its name. Exceeding the boundaries of what you would find in a wheelchair, the **EXTREME** is in a category all by itself. When Power Plus Mobility first began the process of creating **EXTREME**, it was definite that this product would deliver an extraordinary result to the customer. With its ability to be fully adjustable and easily customizable due to our new technology, the **EXTREME** is perfect for many. Designed to meet all the users needs, this wheelchair rises above others sent out by competitors. We built it with our customers in mind and every detail was fully analyzed and researched during the design process to ensure the most effective characteristics were chosen. The **EXTREME** is a prime example of the hard work we put into our products.

CUSTOMIZE ANYTHING

Power Plus Mobility advanced machinery specializes in manufacturing custom parts to customers specifications from either a drawing or a sample. The parts we manufacture could be simple or more complex and can be manufactured in small or large quantities. Contact your local sales representative with your specifications.
